

What is claimed is:

1. A refrigerator comprising:  
a finish material constituting any part of the  
5 refrigerator, the finish material containing antibacterial  
nanosilver particles.
2. The refrigerator of claim 1, wherein the nanosilver  
particles have a size of about 15~300 nm and a concentration  
10 of about 1~500 ppm.
3. The refrigerator of claim 1 or 2, wherein the finish  
material is an interior finish material which constitutes a  
food storage compartment of the refrigerator.
- 15 4. The refrigerator of claim 1 or 2, wherein the finish  
material is made from a transparent or opaque resin to which  
pigment is added.
- 20 5. The refrigerator of claim 1, wherein the nanosilver  
particles are coated on a surface of the finish material.
